Where cricketers are made

Our Maidenhead Academy has now been running for four years - our aim is to improve players' skills in a relaxed no pressure environment where they can play with friends.

- Improve technical skills - both basic foundation skills and T20 skills
- Improve tactical and game understanding
- Keep momentum from the season with regular practice
- Opportunity to climb the pathway - school to club, club to Development, Development to county and beyond
- Improve core fitness and strength
- Develop friendship with their peers
- Guidance on other cricket issues - kit, county trials, DoE support, discounted 1-1s and more

HARDBALL CRICKET: Our sessions are designed for boys and girls to work towards the next cricket season. Although many of our drills will use softballs, the focus is on hardball cricket, so children in the younger group need to be ready to transition into hardball.

COACHES: To maximise learning, we maintain a good coach to player ratio. The coaching team will be led by Steve Curlewis and Nigel Bruce. All our coaches are qualified, have valid DBS, and are first aid trained.

AGE GROUPS: Our U11 sessions are for boys and girls in 2023-24 school years 4, 5 and 6; Our U15 sessions are for school years 7, 8, 9 & 10. Within our age groups, players are further divided so they are training with their contemporaries, particularly when using nets.
